

Thanks to all the SRCL Lake Representatives/Advocate for their support!

We are encouraging SRCL Lake Homeowners contact their SRCL Lake Representatives/Advocates directly, for answering any of their questions from weed control, water quality, stocking, etc. This will replace the door-to-door contact that we have done in the past. The reason for the change is not due to not wanting to communicate directly with the lake owner personally, but we cannot get enough Lake Representatives/Advocates to volunteer to cover all of the homeowners on a yearly or bi-yearly basis.

We will be looking for additional SRCL Lake Representatives/Advocates. Their goal is to become the main focal point of all questions that the homeowners may have. If the inquiry cannot be addressed, the SRCL Lake Representative/Advocate will communicate with the SRCL Association Board for research and closure to all questions.

If you wish to become a SRCL Lake Representative/Advocate representing your lake and becoming a contact/focal point for our lakes, please let me.

Without your support we cannot continue to improve and preserve our lakes' quality. Please consider joining our team and becoming a SRCL Representative/Advocate of protecting and preserving the quality of our Chain of Lakes. Thank You

**Wendell W. Giese, Lake Association Board Member
